BOTTLE OF POLISH STARTS BIG BLAZE

Commercial Club Building is Nearly Destroyed.

Back Wall of Front Office Covered With Flames When They Are Discovered.

VALUABLE PAMPHLETS BURNED

But for the fact that fire, which originated, it is believed, in the explosion of furniture cleaning fluid, started at an early hour, the Paducah Commercial club building, 139 South Fourth street, would have been entirely destroyed last night. Several members of the Traveling Men's club were in their rooms upstairs, and Simon Hecht, secretary of the T. P. A., rushed down and gave the alarm. The fire department extinguished the blaze after damage amounting to \$168 had been wrought.

There was no one in the Commercial club rooms last night, and the fire originated between the wall and a cabinet, containing valuable papers and pamphlets of the organization. A bottle of furniture polish had been left on a file of papers. This seems to be the only clue to the origin. A coincidence throws some light on the matter. When the fire occurred several weeks ago in the office of C. E. Jennings, real estate dealer, in the Fraternity building, it was discovered that a bottle of this same kind of polish had been left standing in the spot, where the fire started.

The fire last night embraced the whole back wall of the front office. Almost completely ruined the fine oak cabinet burned the wall-paper and the rug. The flames had reached the ceiling when the department arrived. Had it gone through the floor the whole building might have been doomed. There are several offices in the building and the Traveling Men's club upstairs contains pool tables and other valuable furniture. Legal Row to the south would have been endangered.

Several thousand pamphlets which were to have been sent to Germany in the interests of the immigration movement were destroyed. Just a few days ago insurance was taken out on the furnishings of the Commercial club.

MISHAP TO GIRL ENDS MYSTERY

Springfield Young Woman, Said to Be Dying, Reveals Identity.

Springfield, Ill., June 23.—Mae C. Adkinson a young woman of prominent family, is dying from burns received today in the explosion of a gasoline stove. The girl disappeared from her home three weeks ago, and her parents did not know her whereabouts until she revealed her name while being taken to a hospital from the house in which the accident occurred.

KIDNAPED

MOTHER CHARGED DAUGHTER WITH EXTORTING MONEY.

Says She Was Drugged and Guarded By Ferocious Dogs—Stabbed With Table Fork.

New York, June 23.—Mrs. Florence Axtell, who as Miss Nesta Neilson was famous as an actress, and was a member of Lawrence Barrett's company, when that player died was made defendant today in a suit instituted by her mother, Mrs. Anna D. Presby, of Stamford, Conn., who charges that Mrs. Axtell and her husband not only abducted her from Wilton, near South Norfork, Conn., brought her to this city and kept her drugged for three months, but in order to obtain \$2,000 worth of diamonds and \$12,000 worth of property, located in Johnsonburg, Penn., had dogs guard her.

The mother, who is 63 years old, also accuses the one-time stage favorite of stabbing her with a fork, thereby causing blood poisoning.

CONSPIRACY

MAY BE CHARGE AGAINST OFFICIALS OF STANDARD.

Prosecutions Under Elkins and Sherman Laws Are Certain To Be Instituted.

Washington, June 23.—Some of the wealthiest men in the United States may be sent to prison for conspiracy, if the program of the administration is carried out. The formal announcement of the purpose of the government to prosecute the Standard Oil company was made today by Attorney-General Moody. It appears from his statement that the proceedings in the first instance will be had under the Elkins law, which prohibits rebates in interstate commerce. The attorney-general, however, gives notice that in all probability, should the investigation justify it, he will bring further action under the Sherman anti-trust law.

PANAMA DUTY CAUSES CLASH.

Denies Right to Import Tobacco Free Into Canal Zone.

Panama, June 23.—Serious differences may arise between the United States and the Republic of Panama regarding the right of the former to import into the canal zone commissaries' supplies of tobacco free of duty. Panama denies this right, claiming that tobacco is not an article of first necessity nor one required in canal construction. The last Panama assembly established a duty of \$1 per pound on tobacco, practically prohibiting its importation.

DYNAMITE IS USED TO SAVE THE TOWN

Forty Families are Homeless At Golconda.

City in Darkness and Many People Have Lost All Their Worldly Possessions.

WATER PLANT IS DESTROYED.

W. V. Schrenk, clerk of the steamer Royal, which runs between Golconda and Paducah, gave additional information about the disastrous fire there yesterday.

A gas tank in a laundry over the electric and water plants exploded setting that business on fire. A stiff wind was blowing toward the river and the flames got a good hold on some frame buildings near the water plant. At one time the fire was under control when a hose burst and crippled the fight. After this dynamite was freely used to check the flames and was in a measure responsible for saving the town from total destruction.

Men became exhausted by the prolonged struggle and by the fierce heat and many fainted.

The fire was finally checked by the wall of the millinery store of G. Well, which not having any windows in it, placed a firm barrier to the flames.

The electric light plant was destroyed and last night the town was in complete darkness candles and lamps being the only light obtainable.

The water plant was also destroyed early in the fire and probably made the fight harder from the weak pressure on the water mains. These two plants are a total loss with no insurance.

The town was struck a blow, which it will take years to overcome for there was little insurance and many men lost all they had. Forty families are homeless this morning. Thirty-seven houses not counting stables were burned.

The Joe Fowler was at the wharf at the time and had to back out into the river from the heat and sparks which were being blown toward the river. This morning the whole town is in a blue mood. Two saloon men were in the city this morning to secure tents to put on their now vacant lots and in which they will resume business. There may be excursions run out if here tomorrow to view the ruins.

SALOONS CLOSE FOR FIVE HOURS

New Midnight Ordinance is Now the Law.

Mayor Signs Measure and Issues Instructions to Department of Police.

TAXATION EXEMPTION LAW.

Saloons must close at midnight to night and remain closed until 5 o'clock Monday morning.

This is the edict sent forth from Mayor Yeiser's office and James Collins, chief of police, this morning received orders to that effect. Since the Sunday closing law operates at the birth of the new city ordinance there will be little change in usual order of things, but Monday night the lid goes on unsupported by state statutes.

"I signed the ordinance today," said Mayor Yeiser, "and I have given instructions to the police department to see that the law is enforced. The publication has nothing to do with the making the law operative. Of course, the ordinance must be published, but it is in force when the mayor signs it without immediate publication. The saloons must close promptly at 12 o'clock and can not open until 5 in the morning."

Mayor Yeiser also signed the ordinance exempting manufacturing concerns from city taxes for five years.

LIGHTNING BOLT

Burns Down House and Kills Little Boy at Reevesville, Ill.

Trainmen on the Illinois Central noon train from Carbondale, Ill., report a fatal accident at Reevesville, Ill., fifteen miles back of Metropolis on the Illinois Central this morning. Lightning struck a house, burned it down and a small boy was killed by the shock. He was standing near the house and received the full power of the bolt. He died in a few minutes after the flash came. No names were secured, and on account of wires being down no telephone or telegraphic communications could be secured.

LONDON SLAUGHTERHOUSES

Just as Bad as Chicago's, Says the Review.

London, June 23.—The Review usually anti-American in its expressions, in an article published today, points out that the slaughtering of diseased carcasses in small slaughterhouses in England is a common thing. The Review advocates the construction of public slaughter houses and said some places, where food is prepared in London, are quite as loathsome as in Chicago. These places are filthy in every way.

PAIR OF SPECTACLES

Cast Another Suspicion on Prisoner of City.

Mr. Gus Singleton took his spectacles off this morning and placed them in the case. The case was then carefully placed in his pocket but when the popular ex-councilman felt for them later found them not there. A search about the city hall, where he had taken them off, failed to reveal them. When George Frazier, colored, wanted for chicken stealing was taken to the jail from the city hall and searched the glasses were found on him.

\$400,000 FIRE

Destroys Big Grain Elevator in Chicago Today.

Chicago, June 23.—The Templetons' grain elevator caught fire this morning. When the flames were extinguished at 9 o'clock the loss was estimated at \$400,000. Thirty cottages in the neighborhood of the elevator caught fire frequently. Firemen saved them with great exertion.

UNDER CAR.

Laborers Take Refuge from Storm and Two Are Killed.

Stenbenville, Ohio, June 23.—Fourteen laborers sought shelter from the rain under a car on the siding at LaBelle Iron Works this morning. A shifting engine moved down on the car and two men were killed and one injured.

Thunder showers tonight and probably cooler tonight. The highest temperature reached yesterday was 95 and the lowest reached this morning was 66.

GIRL REBUKED, MAY BE SUICIDE

Almost Naked Leaves Her Home and Hundreds Search for Her.

Kalamazoo, Mich., June 23.—Because she was rebuked in court yesterday, for incorrigibility, Luella Matveia, aged 15 left her home last night and cannot be found. It is feared she has drowned herself. She wore only a light skirt and dressing sacque when she disappeared. Hundreds of persons spent the day searching for her.

INJURED MEN

NOT IN DANGER, BUT GORDON IS CONFINED TO BED.

William Sines, Whose Foot Was Amputated, Is Resting Well at Riverside Hospital.

Sam Gordon, the driver, who jumped or was knocked from the No. 2 ice wagon of the G. W. Robertson company yesterday morning when a street car struck it, is seriously injured and cannot leave his bed. Gordon alighted in such a way as to injure his hips. He was able to walk about for several hours, but finally his back began to hurt and he was forced to take to his bed.

An examination late yesterday afternoon showed him to be suffering from a sprained back, and the extent of the injury cannot be told for several days.

William Sines, whose left foot was crushed so that amputation was necessary, is resting well in Riverside. The young man stood the operation well, and it is thought the injury will not develop complications.

BECKHAM

ANNOUNCES CANDIDACY FOR UNITED STATES SENATE.

Will Oppose Senator McCreary in the Race Before State Democratic Primary.

Frankfort, Ky., June 23.—Gov. Beckham today made formal announcement of his candidacy in the primary to be held over the state on the day of the regular election in November next for the Democratic nomination to succeed James B. McCreary in the senate of the United States. Senator McCreary has already entered upon a campaign for re-election.

RETURN BIBLE AFTER 30 YEARS

Ann Arbor, Mich., June 23.—The Michigan Class of '76 Clear Up Old University Mystery.

feature of alumni day today at the University of Michigan was the return of the old chapel Bible which mysteriously disappeared thirty years ago, by the class of 1876. It seems that one night in '76 the seniors mischievously locked a decrepit old horse in the chapel. Fearing that the horse might chew the pages of the Bible, they took the book away with them to preserve it. The affair then aroused such a storm in college that nobody dared to return the book.

Woman Frustrates Bandits.

Wabash, Ind., June 23.—Mrs. Egnew, owner of the Western hotel, in Logro, at 2 o'clock this morning frustrated four bandits who blew the safe in the store of Fulton & Son. Mrs. Egnew heard the explosion, ran to a large bell and rang it until she had aroused the town. The gang disappeared. This is the third time the store has been visited by safe blowers.

Volunteers' Pious.

Washington June 23.—The senate committee on pensions has decided not to hold any more meetings at this session of congress, and this side-tracks until next session at least the bill to create a volunteers' retired list for surviving generals of the volunteer army of the civil war.

BLOOD STAINED AX FOUND BY POLICE

Mother Arrested for Murder of Her Daughter.

Old Miser, in Whose House Were Found Stolen Goods, Prisoner in Her Own Home.

NEW YORK MYSTERY CLEARING.

New York, June 23.—Coroner Schwanneke announced today that the aged mother of Mrs. Louise Alice Kinan who was killed on her porch a week ago, is under arrest. She is guarded by the police matron and two detectives and although her residence is her prison she is as much in duration as if she were in the Tombs.

The finding of a blood stained ax hidden under a pile of rubbish led to the action by the coroner whereby the old woman is a prisoner. In the opinion of Coroner Schwanneke this is overwhelming evidence that the murder of Mrs. Kinan was committed by a member of the Stenton household.

The coroner and Detective Sergeant Price hurried to the Miller residence this evening and spent several hours with the aged prisoner, endeavoring to get a confession from her. On the belief that the ax was the property of the aged miser, they are confident that she cannot hold on much longer and that a startling confession will be wrung from her in another day at least.

Household Was Desperate.

In proving the desperate character of the household it was recalled that a few days ago in a secret chamber were found bank books for nearly \$30,000 together with five trunks of valuable articles, such as silverware, with department store tags still on them, indicating that shoplifting was the trade of the trunks' owner.

Mrs. Stenton was once a woman of high social standing and comes from one of the old aristocratic families of New York. In former days she entertained much and Commodore Vanderbilt was frequently her guest.

The blood-stained ax which undoubtedly was wielded by Mrs. Kinan's slayer, was hidden in such a way as to show that the debris covering it was disturbed quite recently. The handle is about three feet long and the head is square and, according to the coroner, would fit the indentation in the murdered woman's skull.

Dies of "Sleeping Sickness."

London, June 23.—Lieut. Tulich, who accompanied the royal societies commission to Uganda to investigate the "sleeping sickness," which disease he contracted while dissecting an inoculated rat, died today in London of the sickness.

WIND AND RAIN

PLAY HAVOC WITH TREES AND TENTS FOR FEW MINUTES.

Chautauqua Canvas Auditorium Laid Flat and Court-House Flag Ripped.

A heavy wind and rain storm swept over the city this morning at 10 o'clock but little damage is reported.

A dense black cloud made its appearance in the northwest and darkness nearly equal to night prevailed for some time. Rain followed and for fifteen minutes fell steadily. The wind blew it in all directions. The telephone and telegraph companies report no damage.

A few trees were blown down and the flag on the court-house was whipped into shreds. The tent at the park used in the chautauqua exercises was blown down, but will be raised immediately. The exercises this afternoon will be held in the Casino.

The velocity of the wind was great but was not registered here, the device used in registering the velocity of the wind being out of repair.

River property was tied safely before the wind appeared and no damage about Paducah is reported in marine circles.

THREE STRAIGHT FROM DANVILLE

Tadlock, Back in Form, Shuts Them Out.

With Anything Like Luck the Indians Will Come Back Ready to Resume First Place.

CAIRO IS DEFEATED AGAIN.

Team Standing.	W	L	Pct.
Cairo	29	20	.592
Vincennes	27	20	.574
Jacksonville	25	22	.532
Danville	24	25	.490
Paducah	22	27	.451
Mattoon	17	29	.370

Yesterday's Results.
Paducah 3, Danville 0.
Vincennes 5-8, Mattoon 3-7.
Jacksonville 1, Cairo 0.

Today's Schedule.
Paducah at Jacksonville.
Cairo at Danville.
Vincennes at Mattoon.

Danville, Ill. June 23.—That fellow Tadlock whose wing went back on him soon after the season started "found himself" yesterday and there was nothing doing" for the Worthies. The four measly bingles secured were so scattered that a score was an impossibility. The lithe twirler showed excellent form and it was an easy matter to take the game.

The Indians, besides playing a star game in fielding, did some stick work. Fleming was pitching in good form, but the visitors were in a clouting mood and that fellow Groh insisted in connecting. It was a "walk away" for the new short stop. He hit 'em out any old time he wanted to and the three scores secured were won on Groh's bingles.

It looks to the talent as though the Indians had emerged from the slump fever and are playing ball as they never played before. Confidence has been restored and the three straights taken here have done much towards renewing confidence in the pitching staff and the fans may sit up and "take notice."

The score: R H E
Paducah 3 7 1
Danville 0 4 1
Batteries—Tadlock and Downing; Fleming and Shaw.

Hoosiers Take Double Header.
Vincennes, Ind., June 22.—The Hoosiers had a hitting streak and it was "23" for the Hostlers today. A double header was played and the locals took both games. In the latter game the locals found it necessary to run in "Rub Hub" Perdue, as Whitley was getting touched up slightly. Perdue held them down and the game was won after a mighty uncomfortable pinch.

Bob Berryhill pitched both games for the Hostlers and played good ball. He yielded more hits than his opponent, but they were scattered and the scores in both games were close.

The Hostlers are playing good ball. Those who sized the Hostlers up as tail-enders are a little "off." The slump fever which struck Berryhill and his bunch at the beginning of the season is just being "sweated off."

First game:
The score: R H E
Vincennes 5 12 4
Mattoon 3 9 6
Batteries—Whitley and Mattison; Berryhill and Schissell.

Second game:
The score: R H E
Vincennes 8 9 1
Mattoon 7 8 6
Batteries—Whitley, Perdue and Chenault and Mattison; Berryhill and Schissell.

Rats Get Another Ducking.
Jacksonville, Ill., June 23.—Speaking about three straights, well, the Rats have been emerged for three consecutive times by the Belittes and there is a sore bunch of ball players en route to Danville today. McCarty and his bunch of pennant aspirants played anything but pennant winning ball. The sensational hitting seen on the Cairo diamond was conspicuously absent and in the absence of the Big Stick feature the Rats could do little in the score making line. Today it was a cleanly played game and the Rats were outclassed as the score will show. Hits talked about even, but the base running of the locals was a feature.

The score: R H E
Cairo 0 7 2
Jacksonville 1 6 0
Batteries—Wagner and Scaries; Fox and Belt. Umpire—Zinkins.

Life Preservers.
That fellow Groh seems to be hitting them a mile. We have not seen him but they say on the circuit that

he is "coming some." Even at Cairo they handed it to him. He went to bat four times in one game and smashed out a couple of doubles. All over the circuit they are looking out for him. So far the new Indian short stop has been hitting just a little above "Deetle" Moran, who leads the league.

The Mattoon papers say that "Roundhouse" McCarty, the veteran Mattoon pitcher, is leading the league in hitting. McCarty looked good to Paducah fans the first time he played here. He was up four times and got four hits. Hitting is a business with the veteran pitcher. He is up to bat, and when he does get his bingle the fact can be attributed to good pitching and good fielding.

The Mattoon papers think that reporters in Paducah are slighted, and the Mattoon Star prints the following: "Reporters have been ordered out of the Paducah grand-stand at times and the management wishes to keep them away altogether. It is no wonder that the team is not receiving the proper support."

Mattoon is the most graceful loser in the league. The papers are full of encouraging dope daily and it is helping. The fans in Mattoon believe in the Hostlers and the games the Hostlers have been putting up of late shows there is something in the team.

The Indians are two games behind Danville, three behind Jacksonville, five behind Vincennes and seven behind Cairo. It is a cinch that Cairo will drop two out of the three to Danville and the Belittes may take two out of three from the Indians, but Cairo looks good to take a sudden tumble before its trip is ended. They are eagerly awaiting the arrival of the Rats at Vincennes.

Perry is said to be putting up great ball at second base. His hitting is better, too.

Tadlock's arm is back again and something may hereafter be expected from the "Tail One."

Brahic, Wright and Tadlock were the slab artists figuring in the three straights from Danville.

Danville has secured a lot of new players. The management went to Chicago after them and lost no time in strengthening when Spencer and others jumped the team. Holycross has been given a raise and will still be seen in Danville uniform.

The straights on the circuit is not bad work.

What is Cairo going to do without the encouraging "dope" daily to look at?

It is to be hoped that the Indians and Belittes have buried the hatchet or smoked the pipe of peace. The last games there were disgraceful, insult after insult being offered the Indians.

"Every dog has his day," and the Indians are coming.

Manager Berryhill, of the Mats, is one of the most gentlemanly players on the diamond and deserves a first division team. He is getting good work out of the material he has and the Mattoon magnates should not think of letting him leave. Berryhill knows the game and players and above all knows how to get work out of them.—Vincennes Capital.

"Gentlemanly" is right. Berryhill plays ball, and nice, clean ball at that. Fans in Paducah like him and would also hate to see him leave.

We notice that Ned Zinkins is back in the game. He was the on'y umpire to go two seasons through the league with a clean record, and fans will welcome him back. Occasionally he makes a "ball" of it. But he means well and is impartial.

Surrender to Deputy.

Jackson, Ky., June 23.—Deputy Sheriff Shade Fugate arrested John Smith and John Abner this morning and brought them before County Judge Taulbee on warrants charging them with the murder of Dr. B. D. Cox. They had come within a mile of town and sent for the officer. They have been on the street this morning in charge of the deputy sheriff, consulting with Ed Callahan.

Woman, If Your Trouble

is the same as that from which Ruby Farley, of Middletown, Calif., suffered, the story of her cure will cheer you. She writes: "I suffered for one year from interruption of my periods. I took several medicines, and went to a doctor, but nothing helped me, until I took Cardui, which relieved me, and now I feel well and strong. I am very grateful for the good that

THE BRIDGE PLAYER'S OMAR.

Come, deal the hands, and forth the score-cards bring.
Bridge is the Rage, the Fashion and the Thing.
What though the House is left to keep itself?
What though the Cook and Maid are on the Wing?

Whether in Oshkosh or in Oregon,
Whether for Cash, for Prizes or for Fun,
The Bridge Clubs grow more numerous day by day
The Books on Bridge keep selling, one by one.

Each moon a dozen Bridge Teams brings, you say,
But where's the Duplicate Whist of yesterday?
And the next Fad that strikes the Social World
May sweep both Game and Rubber quite away.

The Moving Pencil writes, and, having writ,
There stands the Score—and no excusing wit,
No loud Post-Mortem can its Figures change,
Your only Safety is to play to It.

A Pair of Ten-Spots underneath the Bough,
An Ace, Knave, Nine, a lonely King, and Thou.

With all the other Face-Cards in the Pack—
Ah! such No-Trumps are Paradise Enow!

—Priscilla Leonard in July Harper's Bazar.

Society at the Chautauqua.

All roads have led to the Chautauqua this week, the broad highway of Pleasure and the narrow by-path of Learning alike have verged that way, and they have been main-traveled roads, too, for "most everybody" has sought the shade of the big white tent at Wallace park, and all social pleasure has merged there. Even morning Bridge Whist has been held in abeyance to Dr. Krebs, few have been the evening functions that proved more fascinating than "Liquid Air" "Wireless Telegraphy" and other popular features, while Miss Hemenway has made inroads on the afternoon engagements of either sex. The program has been varied enough to suit the taste of all and no one has been bored.

Only the weather has behaved unseemly, but even that has not interfered unduly and white shoes and fetching costumes have been ruthlessly offered to appease the weather god. Picnics, dinners and suppers have been the fad, many parties remaining from service to service in this way. It is very evident that the Chautauqua has come to stay and will be a welcome, abiding guest. With a more seasonable June there will be much camping on the ground and it will be Paducah's universal outing week.

Distinguished Guests at The Pines.

Rear Admiral and Mrs. J. V. S. Bleeker, of Boston, are expected today from Nashville, Tenn., where they have visited Mr. and Mrs. Hamilton Parks, and will be the guests of Mr. and Mrs. Joseph L. Friedman at "The Pines." Many social affairs have been planned in honor of the distinguished couple, who were to have arrived on Thursday but were detained by the illness of Mrs. Bleeker. They are the parents of Mr. John Stearnes Bleeker, of this city, and will be guests at the wedding of their son to Miss Anna Parks, of Nashville in July.

Admiral Bleeker has served his country with distinguished ability in the navy for over forty years but is a "young man" yet in his tastes, feelings and appearance. It is said, and likes young life about him. The young people of the city are invited out to meet him informally during his stay. He was retired only about a year ago and he and his wife have spent the year traveling abroad. They visited their daughter in England, who is married to a British officer.

Admiral and Mrs. Bleeker will be here about ten days.

Dance for Visitors at Rustic Hall.

The chief social event of the week was Miss Lillian Gregory's party dance at the Gregory country place, "Rustic Hall," on Tuesday evening. It was in compliment to the house guests, Miss Martha Rhodes, of Danville, Ky., and Mr. Maury Robertson, of Charleston, W. Va., and while the invitations were issued informally over the telephone, the occasion was a charming one.

The attractive home was especially effective with flower decorations. Delightful refreshments were served during the evening. Society was represented by some 37 couples and the

tally-ho carried out a party from town.

Pavilion Dance.

A very delightful dance was given last evening at the Wallace park dancing pavilion. It was in especial compliment to the visiting girls and to those home from college. The young men were the hosts of the evening. Among those present were: Misses Faith Langstaff, Marjorie Scott, Blanche Hills, Hallie Hisey, Elizabeth Sinnott, Belle Cave, Frances Wallace, Lillian Gregory, Martha Rhodes, of Danville, Ky.; Helen Decker, Lillie Mae Winstead, Mabel Jackson, of Flint, Mich.; Helen Hills, Mary Scott, Nella Hatfield, Dorothy Langstaff, Alma Higgins, St. Louis; Carrie Griffith, Florence Loeb, Garnette Buckner, Elsie Hodge, Henri Alcott, Marjorie Loving, Anita Keller, Rosebud Hobson, Lillian Hobson, Elizabeth Sebree, Corinne Winstead, Messrs. Charles Cox, Frank Davis, Sam Dryfus, Ben Frank, Richard Donovan, Grover Jackson, R. M. Prather, John Miller, Clay Kidd, Harry Singleton, Will Baker, Guy Martin, Will Rinklett, Tom Coburn, Henry Henneberger, Ned Ashbrook, Rob Guthrie, Guy Jones, Richard Arnold, Louisville; Harry Spillane, Zach Hayes, Roy Culley, Robert Wallace, John Cullinane, W. T. Sturtevant, Dr. J. T. Gilbert, Walter Uri, St. Louis.

Delightful Surprise Party.

Miss Mayme Bauer was given an unusually pleasant birthday surprise party Monday evening at her home, on North Eighth street. Punch was handed during the evening and ices and cakes were served at 10 o'clock. An impromptu dance in the parlors was one of the delightful diversions. Present were: Misses Alma Higgins, of St. Louis; Fred Paxton, Vera Johnson, Ruby Michael, Elsie Hodge, Carrie Griffith, Garnett Buckner, Marguerite Schwab, Eleanor Cabell, Eva Bauer, Lucille Well; Messrs. Durward Sutton, Charlie Rieke, Salem Cope, Will Reddick, Leslie Puryear, Guy Martin, Willie Henneberger, Will Scott, Ben Griffith and George Wallace.

Pleasant Affair.

The Misses Thurman, of South Third street, entertained most pleasantly with an al fresco supper and theater party on Thursday evening at Wallace park in compliment to their guest, Miss Eva Dugger, of Paris, Tenn. Included were: Misses Elsie Howisher, Effie Jones, Lillie Maret, Jesse Parkins, Clara Phillips, Elsie Petter, Katie Berger, Mary Barricman, Cora Wilson, Geraldine Wilson, Ethel Robinson, Flossie Thurman, Orntance Thurman, Mrs. Kirchhoff, Mrs. J. C. Pettit, Mrs. George C. Parker, Mrs. E. D. Thurman and Messrs. Marshall Jones, Jorman Wilkerson, Albie Roberts, Earle Williams, Loney Valt, Jim Wallington, Ed Watts, Brooks Holliday, Joe Girk, Jesse Thurman, Wallace Cash, Willis Hollins.

Delightful Evening.

A very pleasant river outing with supper on the sandbar opposite the city was enjoyed by a gay party on Wednesday. After the return to town the evening was pleasantly spent at the Hills home, on North Ninth street, where music was a delightful feature. In the party were: Misses Mabel Jackson, of Flint, Mich.; Blanche Hills, Katherine Powell, Belle Cave, Frances Wallace, Marjorie Scott; Messrs. Frank Davis, Cade Davis, Robert Wallace, Grover Jackson, David Koger, Edwin Paxton, Stewart Sinnott.

Coming Wedding.

The marriage of Mr. Albert Rahm, of this city, to Miss Dolly May Ross, of St. Louis, is announced to take place the evening of July 3 at the home of the bride.

Mr. Rahm is the manager of the Paducah office of the R. G. Dun & Company. Miss Ross formerly lived in Louisville. They will reside here.

Surprise Wedding.

Mr. C. E. Nelson, of New Paris, Ind., and Mrs. Sallie Utterback Holcomb, of Sikeston, Mo., were married at the home of the Rev. W. W. Armstrong, of the Trimble street Methodist church, Friday night at 8:30 o'clock. The marriage ceremony was quiet and simple, only a few intimate friends and near relatives of the couple being present. The wedding was a surprise to the friends of the bride, who has been in Paducah on a visit several weeks. After visiting relatives in West Kentucky several weeks Mr. and Mrs. Nelson will return to New Paris to reside.

Party to Visitor.

Mr. Jesse Thurman was host of a pleasant party last evening at his home on South Third street. Miss Eva Dugger, of Paris, Tenn., who is visiting the Misses Thurman, was the honor guest. It was an enjoyable

ble occasion and a number of guests were present. Delightful refreshments were served late.

Launch Party.

Mr. Howard Shelton was the host of a pleasant launch party on Wednesday evening. The evening was delightfully spent on the Ohio and Tennessee and supper was served on the launch, the party returning late.

About People.

Mr. and Mrs. George A. Flournoy will move into their attractive country home "Lolomai Lodge," the coming week.

Miss Macon Sebastian, who has been the guest of Miss Allie D. Foster, returned to her home in Martin, Tenn., this week, accompanied by Miss Foster, who will visit her.

Mrs. Robert Becker Phillips arrived home this week from Nashville, Tenn., where she visited her sister, Mrs. Hamilton Parks. She will return to Nashville about July 2 to be present at the Parks-Bleeker wedding.

Miss Marie Wilcox, one of the most attractive of the class of '06 of the Paducah High school, will be the guest this summer of her uncle and aunt, Major and Mrs. James H. Ashcraft, at their home in the West End.

Miss Ellen Willis left this week for a delightful visit in Missoula, Mont., where she will be the guest of Mrs. Kate Jenkins, formerly Miss Kate Marshall, of this city. She will go by way of Portland, Ore., and visit other western cities.

Miss Kate White will leave Wednesday for Hutchinson, Kan., to visit her sister, Mrs. George T. Irvan. She will meet her brother, Mr. Herbert White, of Los Angeles, Cal., who comes there for his vacation. The latter part of the summer she will spend with relatives in Saline county, Missouri.

Miss Anna Webb will leave Thursday for Nashville, Tenn., to visit her sister, Mrs. Hamilton Parks, of 1718 West End avenue, and to attend the marriage of her niece, Miss Anna Webb Parks, to Mr. John Stearnes Bleeker, on July 3. Miss Webb will remain for an indefinite visit after the wedding.

Miss Marie S. Cobb, who has been for the past two months visiting Mrs. Marcus Baker and Mrs. Henry Blum in Savannah, Ga., and at Tybee Island, is expected home by the last of June. Miss Cobb has been gone since November, when she left to visit Mr. and Mrs. Irvin S. Cobb in New York City. She has scored many social successes in her round of pleasure.

Mr. Grover Jackson, of this city, and his sister, Miss Mabel Jackson, of Flint, Mich. were the honor guests at a german on Thursday evening in Jackson, Tenn., by a society club of that city. Mr. Jackson and Miss Jackson went down on Thursday and returned Friday. Miss Jackson is a very attractive girl and charming musician and has had much social attention in Paducah during her visit.

Miss Ethel Brooks is expected home from Henderson today on the Georgia Lee. She will join the party from Paducah chaperoned by Mr. and Mrs. John W. Scott, who made the round trip to Cincinnati on this boat, at Henderson and return with them.

Heart Taken Out and Washed.

Los Angeles, Cal., June 23.—To have his heart taken out and the particles of sand washed from it as it beat, and still survive, has been the experience of C. A. McCartney, a Pasadena contractor. While riding a motorcycle he came in collision with a hay wagon, and a wooden rake prong pierced his breast. The surgeons found that particles of sand from the road had been driven into the wound as far as the heart. They took that organ out, washed it thoroughly and then replaced it. The other internal injuries were attended to, the cavity in the body sewed up, and the indications are that McCartney will recover.

Daily Thought.

"The best way out of trouble is to keep out."

The chautauqua, which comes to a close tomorrow night, is a success, and the Commercial club and its able executive officers and the various committees under whose direction the whole affair was carried out, are entitled, not only to the congratulations, but the thanks of the entire community. The chautauqua as a permanent feature of the summer in Paducah can be made not only entertaining, instructive and elevating to Paducah's own people, but so attractive to our neighbors that the merchants will feel its beneficial effects on trade. The time to commence preparations for the next season is right now, so that the guarantee fund can be secured, first-class attractions booked and all arrangements perfected while the idea is hot. It seems, too, in view of the fact that the Commercial club committees attended to all the details of the chautauqua outside of booking the attractions, that this latter department of the work might be undertaken by the local men through some reputable lyceum bureau, thus retaining the profits of the venture in Paducah. The management of the first chautauqua certainly has given the committees insight into the needs of the enterprise and they have proven their capacity to handle the affair. The advantages of local management are two-fold. In the first place, 75 per cent of the receipts go to the promoter of the institution. This could be saved and after paying a liberal compensation to a manager, the greater part of it spent in improving the character of attractions, in securing conveniences for the patrons, and other ways calculated to popularize and make permanent the Paducah chautauqua. The second reason why local people should assume charge of the chautauqua is contained to a degree in the first: The outside promoter naturally is running the chautauqua for profit and needs must follow to certain extent the practices of the showman. It is to his interest to attract people to the chautauqua early in the season. Therefore, he will be inclined to furnish extraordinary attractions the first few days, gradually reducing the quality of the entertainment as the week unfolds. If the Chautauqua association takes hold of the institution at once and assures the public that the chautauqua will be continued with the profit-making feature eliminated, there is no doubt of its continued and ultimate success, and Paducahans will support it as they support every other meritorious attraction. As for this introduction to the pleasures of the chautauqua, again let us thank the Commercial club.

Magistrate Hoffman, of Louisville, who is engaged in the grand work of making odious the Sunday closing law, says that Governor Beckham may pardon alleged offenders fined in Hoffman's court, but he can not re-

SUBMARINE SCORCHING.

The Swordfish: "Ah, ah, Mr. Neptune! Not so fast! I guess I'll put my spoke in this wheel!"

mit the costs. As the costs appear to be one of the impelling causes in Hoffman's crusade, the governor's action probably will occasion that astute fountain of justice no loss of sleep.

Members of the National Editorial association indignantly deny that they were made sick on the train by eating canned Chicago meats, and resolve that, "Any sickness that may have developed among the members of this association was due to change in habits of living." Granted. Then they were made sick by eating.

Headlines in the majority of Friday's exchanges declare "Bryan at Coronation." With no other motive than that of adding to the wealth of information we might add that Haakon also was there.

Magistrate Emery compelled the rejuvenation of the unseen side of Legal Row. If he will prosecute his antiquarian researches in some of the other alleys in the central part of Paducah he will unearth reminiscences of many decades.

Coming in at night a stranger might be led to think all central Paducah is given over to the "red light" district.

How the Blood Flow Affects Health.

Few people appreciate the necessity of keeping the blood in every way in good condition if they would have good health.

There are two factors in disease, which, by an endless variety of changes and combinations, define every departure from normal conditions. These are the BLOOD and the NERVES. They sustain life, and END it.

The blood must maintain a steady, swift and equal flow or bad consequences follow. Every organ and tissue must get its right share of blood, no more, no less. Stop it and the system is soon poisoned with accumulated body sewage, and lack of proper nourishment sets up, headaches, tired, worn out sensations, no life, no energy and other kindred ailments follow.

Right the blood flow, and they all leave.

This is the Osteopathic theory. It merely goes back to the beginning of disease. It finds most disease is associated with an abnormal blood flow.

Especially during the summer months it is necessary to keep the blood flow right. Exercise of the right sort is a good stimulant for circulation, but the dry hot air treatment, followed by the Osteopathic treatments, which I am giving with such marked good results, is the best treatment yet discovered.

Why? Simply because they go to the basis.

Come to see me at any time and I can easily satisfy you that I can soon build up the run-down system, while you are attending to your usual duties. I shall, too, be pleased to refer you to people you know well who are enthusiastic in their praises of the treatments.

My office hours are from 8 to 12 a. m. and 2 to 4 p. m.

IN THE COURTS

Asks \$3,000 Alimony.

A suit was filed in circuit court today by Estelle Marshall Alvey against J. A. Alvey for divorce, \$3,000 alimony and the custody of their five-year-old daughter, Mary Alvey. The petition states that the marriage was performed in 1900 and this separation took place March 6, 1906, when the defendant in a heat of anger packed his trunk and left, and has since contributed nothing to the support of the wife and child. The petition further alleges cruel and inhuman treatment.

Assessment Released.

The assessment of the Holcombe-Lobb Tie company in McCracken county was this morning wiped off the books by order of County Judge R. T. Lightfoot. This action is the result of the victory of the Ayer & Lord Tie company in the United States court of appeals. The Ayer & Lord company refused to pay a dual license. It was taxed and paid the tax in Illinois and Auditor's Agent Frank Lucas tried to enforce the payment of a second tax to the state of Kentucky, because the boats were registered here. The Holcombe-Lobb company has a petition before the city council boards asking for exemption from city taxes on the same grounds.

In Bankruptcy.

An order of sale has been filed in the bankrupt matter of Joseph Woodward, of Rowlandtown. The assets nearly cover the liabilities. Attorney A. E. Boyd is trustee and will sell the stock within ten days.

Juvenile Dismissed.

Terry Tucker, 8 years old is the first juvenile to be dismissed after an investigation in the juvenile court. He got off lightly, his release being attributed to the fact that the offense was not serious enough to warrant his being sent to the reform school. Tucker was charged with pointing a gun at Claude Whitis, and threatening to kill him. He was held over from police court and Judge Lightfoot yesterday afternoon heard the evidence, lectured the youth and dismissed him with the understanding he was not to be seen in the juvenile court again.

In Police Court.

Attorney J. Wheeler Campbell intends to stop the steamer Kentucky if necessary in order to secure a speedy trial for his clients, Virgil Holcombe and Robie Reynolds, accused of stealing over \$800 from the steamer Kentucky.

In police court this morning Attorney Campbell and County Attorney Alben Barkley had quite a heated argument relative to the continuance of the case. Attorney Campbell has agreed on a continuance to suit the convenience of officers and other witnesses on the boat, but all were not present and the attorney insisted on an immediate trial. Under statutory provisions a felony case can not be continued for longer than two days at the time except by agreement on part of the attorneys.

"I shall insist on an attachment for all witnesses and the temporary suspension of the Kentucky's operations, if it is necessary in securing a trial of this case," Attorney Campbell declared. Judge Sanders continued the action until Tuesday, and issued subpoenas to all witnesses and recognized all witnesses present for that day.

Other cases were: J. W. Underwood, drunk, \$1 and costs; Sun Pub. company, breach of ordinance, dismissed; Joe Gardner, breach of ordinance, dismissed; Paducah Furniture company, breach of ordinance, dismissed; M. Isaman, breach of ordinance, dismissed; Annie Tolliver, colored, breach of peace, \$20 and costs.

BANK CLEARINGS
ON THE INCREASE

Counter Exchange Brisk During the Whole Week.

Season Has Proved Itself to Be Record Breaker in Paducah Trade in All Lines.

PROSPECTS STILL BRIGHTER.

Bank clearings \$602,435

Same week last year 578,110

Increase 84,325

The bank clearings show a good increase this week over the same time last year. Counter business has been heavy the past week as is here shown. The banks are entering on the last week of the first part of the fiscal year, and the period just closing has been one of the most prosperous for years for all of the local institutions. The usual dividend, however will be paid by the banks.

Wholesale houses report good business in all lines. Much interest is felt over crop conditions but the indications now are for good crops in the cereals and cotton and that good prices will prevail. The rains of the past few days have been fine for the local crops and present prospects are fair, indeed.

Retail trade is good. The chautauqua has attracted a few visitors and some outside trade but little. Next year, however, with the good reputation this meeting has established, the attraction should prove a drawing card.

Bradstreet's Weekly Report.

Wholesale trade is quieter in consonance with the advanced stage of the season and retail business, except in the southwest reflects lower temperature in great consuming sections; but crop developments are very favorable, more generally so in fact than at any previous time this year and the volume of fall business is in advance of the same time a year ago. Industry is active as rarely, if ever before at the threshold of the hot weather season, summer shut-downs promise to be fewer and shorter than usual, and the labor outlook has been improved. Railways are doing unprecedented business for this season of the year and the volume of freight moving is very heavy, gross earnings for the first half of June exceeding a year ago by 12 per cent. Money easier, but collections tend to slow up. Lumber of low grades shows weakness but building activity is still marked despite the enormous volume done in the first six months of the year.

"Phony Diamond Man."

E. L. Mendel, known the country over as the "phony diamond man," is in Paducah. Mendel has an outfit of phony diamonds set in rings and studs. He has traveled all over the United States selling this class of goods and has the distinction of putting out more "phony diamonds" than any other single person. He has been in the business for twenty-one years and in his travels has been in every state in the Union and has not missed a city of 5,000 inhabitants and upward.

CHAUTAUQUA

Promises Best Card of Meeting on Closing Day.

There will be no numbers tomorrow morning. The program for the afternoon and evening, however, will contain some of the best numbers yet. At 2 o'clock the Rev. The gauge this morning registered a stage of 10.3 feet, the river being on a stand at this point. Weather cloudy with rain. Business at the wharf the last week has been good. No boats have been stopped by lack of water. The dry docks and the ways have had full capacity business. There has been a lull in the excursion business, but that promises to revive next week.

The Georgia Lee was due out this afternoon from Cincinnati going down to Memphis. There was a good passenger business out of this place for it.

The Savannah arrived this morning from the Tennessee river and freight, for St. Louis.

The calliope on the Emerson showboat was playing vigorously yesterday, so much so that Saunders Fowler, who was trying to do some long distance telephoning, suddenly became a law-abiding citizen, and telephoned Capt. Brown, wharfmaster, to apply the Mayor's order against loud and prolonged whistling. (Mr. Fowler is interested in several boats whose hideous whistling is music to his ears). Capt. Brown thought the calliope might not come under the law because it was music. The captain of the Cowling, seeing in that a technicality which might enable his boat to vent its surplus steam energy, suggested that a calliope be placed on top of the wharf-boat with a pipe running down for the boats to connect with. This is a scheme which would furnish the city with music at all hours of the day and night, the only practical difficulty in the way being the absence of a player for the calliope.

Four fleets of coal arrived in the Cairo harbor yesterday and all tied up here. The Harry Brown with 33 barges arrived at 4 a. m. and took six barges to St. Louis, leaving at 11 a. m. The John A. Wood came out with 28 pieces at 4:30 a. m., the Pacific with 27 pieces arrived at 5 a. m. and the Fred Hartweg with 16 pieces arrived later in the day. All these went to the bank here and will take a fresh start today.—Cairo Bulletin.

The Barnes Machine company of Cincinnati, will put electric lights on the Goldenrod now on the marine ways at Madison.

Weighty Professional Endorsements.

That the several American medicinal roots, the concentrated glyceric extracts of which make up Dr. Pierce's Golden Medical Discovery, have the strongest kind of endorsement by scores of leading medical writers of all the several schools of practice, a brief glance at the standard works on *Materia Medica* will show. Of Golden Seal root, which is one of the prominent ingredients of "Golden Medical Discovery," Dr. Roberts Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic (stomach) tonic and in atonic dyspepsia. Cures gastric (stomach) catarrh and headaches accompanying same." He also mentions catarrh of the gall duct, jaundice and constipation as diseases which the use of Golden Seal root overcomes; also catarrh of the intestines, even when it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal root).

Dr. Grover Coe, of New York, says: "Hydrastis (Golden Seal root) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator) it has few equals." Dr. Coe also advises it for affections of the spleen and other abdominal viscera generally, and for scrofulous and glandular diseases, cutaneous eruptions, indigestion, debility, chronic diarrhoea, constipation, also in several affections peculiar to women, and in all chronic derangements of the liver; also for chronic inflammation of bladder, for which Dr. Coe says "it is one of the most reliable agents of cure."

Prof. Hobart A. Hare, M. D., of the University of Pa., says of Golden Seal root that it is "of service in chronic catarrh of the stomach and bowels, following abuse of alcohol, and as a tonic after malarial fever." He further says, it "has a distinct anti-malarial influence." Also "good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc., and as a curative agent in chronic dyspepsia."

Prof. Laurence Johnson, M. D., of the Medical Department, University City of N. Y., is equally loud in his praise of Golden Seal root, especially for its tonic effects in convalescence from acute diseases and its special tonic influence upon mucous surfaces and upon the gall bladder.

Doctors Barton and Tully recommended Golden Seal root as a pure tonic and as an alternative in diseased conditions of the mucous membranes.

Prof. John King, M. D., late of Cincinnati, author of the *AMERICAN DISPENSATORY*, gives it a prominent place among medicinal agents, reiterates all the foregoing writers have said about it, as does also Prof. John M. Scudder, M. D., late of Cincinnati. Dr. Scudder says: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched, * * * the consequent improvement on the glandular and nervous systems are natural results." Dr. Scudder further says, "in relation to its general effect upon the system, there is no medicine in use to which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states * * *"

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Golden Seal root: "It is a most superior remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders of the womb." (This agent, Golden Seal root, is an important ingredient of Doctor Pierce's Favorite Prescription for women's weaknesses, as well as of the "Golden Medical Discovery.") Dr. Ellingwood continues, "in all catarrhal conditions it is useful."

Much more, did space permit, could be quoted from prominent authorities as to the wonderful curative properties possessed by Golden Seal root. We want to assure the reader that "Golden Medical Discovery" can be relied upon to do all that is claimed for Golden Seal root in the cure of all the various diseases as set forth in the above brief extracts, for its most prominent and important ingredient is Golden Seal root. This agent is, however, strongly reinforced, and its curative action greatly enhanced by the addition, in just the right proportion of Queen's root, Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure glycerine. All of these are happily and harmoniously blended into a most perfect pharmaceutical compound, now favorably known throughout most of the civilized countries of the world. Bear in mind that each and every ingredient entering in the "Discovery" has received the endorsement of the leading medical men of our land, who extol each article named above in the highest terms. What other medicine put up for sale through druggists can show any such professional endorsement? For dyspepsia, liver troubles, all chronic catarrhal affections of whatever name or nature, lingering coughs, bronchitis, throat and lung affections, the "Discovery" can be relied upon as a sovereign remedy.

By reading the little book noted below any one will readily see the applicability of the "Golden Medical Discovery" to the cure of all the foregoing list of diseases as well as many other chronic affections, especially those of the heart, kidneys, bladder, skin and blood.

A little book of extracts treating of all the several ingredients entering into Dr. Pierce's medicines, being extracts from standard medical works, of the different schools of practice will be mailed free to any one asking (by postal card or letter), for the same, addressed to Dr. R. V. Pierce, Buffalo, N. Y., and giving the writer's full post-office address plainly written.

In cases of chronic ailments, attended by marked, or persistent, constipation, Dr. Pierce's Pleasant Pellets should be taken conjointly with the use of the "Golden Medical Discovery" to regulate the bowels. They act in harmony with the "Discovery," and will be found to be a most valuable laxative, or, in fuller doses a cleansing cathartic.

Podophyllin, the active medicinal principle of Mandrake root, enters largely into the composition of the little sugar-coated "Pellets," in fact is one of their chief ingredients. They regulate the liver, stomach and bowels.

EXPLORATIONS OF HUDSON.

To Be Celebrated On River Bearing
His Name in 1909.

Plans for the celebration of the three hundredth anniversary of Henry Hudson's exploration of the river which bears his name, and the one hundredth anniversary of that river by steam by Robert Fulton, took tangible shape yesterday at a meeting of the Hudson-Fulton Celebration Executive committee, presided over by Gen. Stewart L. Woodford, the chairman. It was decided the celebration should take place the week beginning September 20, 1909, and that instead of a temporary "world's fair," there shall be dedicated monumental works of lasting benefit to the people. The first day of the celebration, it is arranged, shall be given over to a naval parade of aquatic pageant up the Hudson river, in which the navies of the world shall be invited to participate as well as all manner of merchant and pleasure craft. The second day will be marked by a land parade and literary, historical and musical exercises. The third day, it is proposed, shall be devoted to the dedication of memorials.

COMPROMISE

Of Attachment in Suit of Boone vs. Parham.

A compromise in the attachment suit of E. G. Boone, agent, against William Parham, was effected yesterday and the case dismissed in quarterly court. Boone is agent for Loeb-Bloom company, owners of the Union Central hotel at Eleventh street and Broadway, and the hostelry recently was closed on attachment for an alleged debt of \$180 for rent. A sublease figured, and on account of the complications the compromise was effected.

Boone Family All Right.

Clarence Boone and family have returned to Gilbertsville after a week's stay in the Illinois Central hospital here. Boone, his wife and baby were riding on a railroad velocipede when struck by a freight train. The wife and child were knocked to the guard of Tennessee river bridge. The father clung to the engine pilot and escaped death. The trio were bruised but the injury proved to be trivial. Boone is bridge tender for the I. C. at Gilbertsville.

SPORTSMEN'S DAY IS JULY FOURTH

Rifle and Revolver Club Plan
An Open Shoot.

Many Outsiders Will Take Advantage
of Opportunity to Participate
in Event.

WILL CONTEST FOR PRIZES.

July Fourth will be a big day for sportsmen in Paducah, who enjoy rifle and pistol target shooting. It will mark one of the biggest open competition shoots ever held in Paducah.

The shoot is being arranged by the Paducah Rifle and Revolver club and the promoters intend to make it the biggest open competition shoot ever held here. Prizes will be offered and an entrance fee charged. It is expected that over a hundred sportsmen will participate in the shooting, this being the latest fad in marksmanship.

Mr. Fred McCreary is one of the officers in the club and stated that matches of all distances will be arranged and that everyone who can and will shoot is invited. There are marksmen in Paducah who are not in the club and who would like to shoot but are barred because of the fact that outsiders can not participate in strictly club affairs. This will give them an opportunity to show their skill, and some excellent work is expected.

GENERAL BAPTIST ASSOCIATION

You can't feel good with a disordered stomach. Try Kodol. Sold by Lang Bros.

Pure Food.

The right to pure food is not mentioned in the Declaration of Independence, but is so inalienable as to cause amazement that organized capital in this country should ever have questioned it.—Kansas City Star.

THE MAN ON THE BOX

By HAROLD MACGRATH

Author of "The Gray Clerk," "The Puppet Master"

Copyright, 1906, The Bobb-Merrill Company.

The colonel grew rigid in his chair. "Do not misunderstand me. Before I saw her, you were but the key to what I desired. As her father the matter took on a personal side, I could not very conscientiously make love to your daughter and at the same time—"

Karloff left the sentence incomplete. "And Betty?"—in half a whisper.

"Has refused me,"—quietly. "But I have not given her up; no, I have not given her up."

"What do you mean to do?" Karloff got up and walked about the room. "Make her my wife,"—simply. He stooped and studied the titles of some of the books in the cases. He turned to find that the colonel had risen and was facing him with flaming eyes.

"I demand to know how you intend to accomplish this end," the colonel said. "My daughter shall not be dragged into this trap."

"To-morrow night I shall explain everything, to-night, nothing,"—imperiously.

"Karloff, to-night I stand a ruined and dishonored man. My head, once held so proudly before my fellow-men, is bowed with shame. The country I have fought and bled for I have in part betrayed. But not for my gain, not for my gain. No, no! Thank God that I can say that! Personal greed has not tainted me. Alone, I should have gone serenely into some poorhouse and eked out an existence on my half-pay. But this child of mine, whom I love doubly, for her mother's sake and her own,—I would gladly cut off both arms to spare her a single pain, to keep her in the luxury which she still believes rightfully to be hers. When the fever of gaming possessed me, I should have told her, I did not; therein lies my mistake, the mistake which has brought me to this horrible end. Virginity sacrificed his child to save her; I will sacrifice my honor to save mine from poverty. Force her to wed a man she does not love? No. To-morrow night we shall complete this disgraceful bargain. The plans are all finished but one. Now leave me; I wish to be alone."

"Sir, it is my deep regret—" "Go; there is nothing more to be said."

Karloff withdrew. He went soberly. There was nothing sneering nor contemptuous in his attitude. Indeed, there was frown of pity on his face. He recognized that circumstances had dragged down a noble man; that

chance had tricked him of his honor. How he hated his own evil plan! He squared his shoulders, determined once more to put it to the touch to win or lose it all.

He found her at the bow-window, staring up at the moon. As he remarked this room was dark, and she did not instantly recognize him.

"I am moon-gazing," she said.

"Let me sigh for it with you. Perhaps together we may bring it down." There was something very pleasing in the quality of his tone.

"Ah, it is you, Count? I could not see. But let us not sigh for the moon; it would be useless. Does any one get his own wish-moon? Does it not always hang so high, so far away?"

"The music has affected you?" "As it always does. When I hear a voice like madam's, I grow sad, and a pity for the great world surges over me."

"Pity is the invisible embrace which enfolds all animate things. There is pity for the wretched, for the fool, for the innocent knave, for those who are criminals by their own folly; pity for those who love without reward; pity that embraces . . . even me."

Silence.

"Has it ever occurred to you that there are two beings in each of us; that between these two there is a continual conflict, and that the victor finally prints the victory on the face? For what lines and haggard a man's face but the victory of the evil that is in him? For what makes aged ruddy and smooth of face and clear of eye but the victory of the good that is in him? It is so. I still love you; I still have the courage to ask you to be my wife. Shall there be faces haggard or ruddy, lined or smooth?"

She stepped aside. She did not comprehend all he said, and his face was in the shadow—that is to say, unreadable.

"I am sorry, very, very sorry."

"How easily you say that!"

"What do you mean by her?"—

"No, not easily; for I know that it inflicts a hurt,"—gently. "Ah, Count, why indeed do I not love you?"—impulsively, for at that time she held him in genuine regard. "You represent all that a woman could desire in a man."

"You could learn,"—with an eager step toward her.

"You do not believe that; you know that you do not. Love has nothing to learn; the heart speaks, and that is all. My heart does not speak when I see you, and I shall never marry a man to whom it does not. You ask for something which I can not give, and each time you ask only adds to the pain."

"This is finally?" "It is."

"Eh, well; then I must continue on to the end."

She interpreted this as a plaint of his coming loneliness.

"Here!" she said. She held in her hands two red roses. She thrust one toward him. "That is all I may give you."

For a moment he hesitated. There were thorns, invisible and stinging. "Take it!"

He accepted it, kissed it gravely, and hid it.

"This is the bitterest moment in my life, and doubly because I love you."

When the portiere fell behind him, she locked her hands, grieving that all she could give him was an ephemeral flower. How many men had turned from her in this wise, even as she began to depend upon them for their friendships! The dark room oppressed her and she stepped out once more into the silver of moonshine. Have you ever beheld a lovely woman fondle a lovely rose? She drew it, pendent on its slender stem, slowly across her lips, her eyes shining mistily with waking dreams. She breathed in the perfume, then cupped the flower in the palm of her hand and pressed it again and again to her lips. A long white arm stretched forward and upward toward the moon, and when it withdrew the hand was empty.

Warburton, hidden behind the vines, waited until she was gone, and then hunted in the grass for the precious flower. On his hands and knees he groped. The dew did not matter. And when at last he found it, not all the treasures of the fabled Ophir would have tempted him to part with it. It would be a souvenir for his later days.

As he rose from his knees he was confronted by a broad-shouldered, elderly man in evening clothes. The end of a cigar burned brightly between his teeth.

"I'll take that flower, young man, if you please."

Warburton's surprise was too great for sudden recovery.

"It is mine, Colonel," he stammered. The colonel filled away his cigar and caught his butler roughly by the arm.

CHAPTER XIX.

"OH, MISTER BUTLER."

Warburton had never lacked that rare and peculiar gift of immediately adapting himself to circumstances. To lie now would be folly, worse than useless. He had addressed this man at his side by his military title. He stood committed. He saw that he must throw himself wholly on the colonel's mercy and his sense of the humorous.

He pointed toward the stables and drew the colonel after him; but the colonel held back.

"That rose first; I insist upon having that rose till you have given me a satisfactory account of yourself."

Warburton reluctantly surrendered his treasure. Force of habit is a peculiar one. The colonel had no real authority to demand the rose; but Warburton would no more have thought of disobeying than of running away.

"You will give it back to me?" "That remains to be seen. Go on; I am ready to follow you. And I do not want any dragging story, either." The colonel spoke impatiently.

Warburton led him into his room and turned on the light. The colonel seated himself on the edge of the cot and lighted a fresh cigar.

"Well, sir, out with it. I am waiting."

Warburton took several turns about the room. "I don't know how the deuce to begin, Colonel. It began with a joke that turned out wrong."

"Indeed?"—sarcastically. "Let me hear about this joke."

M'sieu Zhames dalled no longer, but plunged boldly into his narrative. Sometimes the colonel stared at him as if he beheld a species of lunatic absolutely new to him, sometimes he laughed silently, sometimes he frowned.

"That's all," said Zhames; and he stood watching the colonel with dread in his eyes.

"Well, of all the damn fools!" "Sir?"

"Of all the jackasses!" Warburton bit his lip angrily. The colonel swung the rose to and fro. "Yes, sir, a damn fool!"

"I dare say that I am, sir. But I have gone too far to back out now. Will you give me back that rose, Colonel?"

"What do you mean by her?"—

coldly. "I love her with all my heart,"—hotly. "I want her for my comrade, my wife, my companion, my partner in all I have to do. I love her, and I don't care a hang who knows it."

"Not so loud, my friend; not so loud."

"Oh, I don't care who hears,"—discouragedly.

"That beats the very devil! You've got me all talled up. Is Betty Annesley a girl of the kind we read about in the papers as eloping with her groom. What earthly chance had you in this guise, I should like to know?"

"I only wanted to be near her; I did not look ahead."

"Well, I should say not! How long were you behind that trellis?"

"A year on it seemed to me."

"Any lunatics among your ancestors?" Warburton shook his head, smiling wanly.

"I can't make it out," declared the colonel. "A graduate of West Point, the top of Troop A, the hero of a hundred ball-rooms, disguised as a hostler and serving soup!"

"Always keep the motive in mind, Colonel; you were young yourself once."

The colonel thought of the girl's mother. Yes he had been young once, but not quite so young as this cub of his.

"What chance do you suppose you have against the handsome Russian?" "She has rejected him,"—thoughtlessly.

"Ha!"—frowning. "So you were eavesdropping?"

"Wait a moment, Colonel. You know that I am very fond of music. I was listening to the music. It had ceased and I was waiting for it to begin again, when I heard voices."

"Why did you not leave then?" "And be observed? I dared not!"

The colonel chewed the end of his cigar in silence.

"And now may I have that rose, sir?"—quietly.

The colonel observed him warily. He knew that quiet tone. It said that if he refused to give up the rose he would have to fight for it, and probably get licked into the bargain.

"I've a notion you might attempt to take it by force in case I refused."

"I surrendered it peacefully enough, sir."

"So you did. Here." The colonel tossed the flower across the room and Warburton caught it.

"I should like to know, sir, if you are going to expose me. It's no more than I deserve."

The colonel studied the lithographs on the walls. "Your selection?"—with a wave of the hand.

"No, sir. I should like to know what you are going to do. It would relieve my mind. As a matter of fact, I confess that I am growing weary of the mask," Warburton waited.

"You make a very respectable butler, though,"—musingly.

"Shall you expose me, sir?"—persistently.

"No, lad. I should not want it to get about that a former officer of mine could possibly make such an ass of himself. You have slept all night in jail, you have groomed horses, you

"SHALL YOU EXPOSE ME?"

have worn a livery which no gentleman with any self-respect would wear, and all to no purpose whatever. Why, in the name of the infernal regions, didn't you meet her in a formal way? There would have been plenty of opportunities."

Warburton shrugged; so did the colonel, who stood up and shook the wrinkles from his trousers.

"Shall you be long in Washington, sir?" asked Warburton, politely.

"In a hurry to get rid of me, eh?"—with a grim smile. "Well, perhaps in a few days."

"Good night."

The colonel stopped at the threshold, and his face melted suddenly into a warm, humorous smile. He stretched out a hand which Warburton grasped most gratefully. His colonel had been playing with him.

"Come back to the army, lad; the east is no place for a man of your kidney. Scrape up a commission and I'll see to it that you get back into the regiment. Life is real out in the great west. People smile too much here; they don't laugh often enough. Smiles have a hundred meanings, laughter but one. Smiles are the hidden places for lies, and sneers, and mockeries, and scandals. Come back to the west; we all want you, the service and I. When I saw you this afternoon I knew you instantly, only I was worried as to what devilment you were up to. Win this girl, if you can; she's worth any kind of a struggle, God bless her! Win her and bring her out west, too."

Warburton wrung the hand in his till the old fellow signified that his fingers were beginning to ache.

"Do you suppose she suspects anything?" ventured Warburton.

JOURNEY'S END IN LOVERS' MEETING

An Exciting But Successful Elopement Executed.

After Being Thwarted at Metropolis, Escaping in Skiff and Being Caught.

MISS MILES AND J. W. BUSCH.

Miss Mary Miles and John W. Busch, the former of Paducah and latter of Clarksville, Tenn., were married in Clarksville Tuesday, the marriage terminating one of the most sensational elopements in this end of the state.

The two were determined to marry, and Monday at 11 o'clock took the Cowling for Metropolis to have the knot tied. The girl's father got wind of the elopement and telephoned to Metropolis to stop the issuance of the license and to arrest the girl. This was done, but the girl escaped through a rear door in the hotel and in company with her sweetheart started for the river. A skiff was secured and the couple crossed the river, walked a distance of five miles from the ferry and landed at Maxon's Mill, where a train was secured.

At Paducah the young lady was arrested a second time and turned over to her father, Mr. R. M. Miles, of the Michael Bros. harness shops, who Tuesday morning sent her to Louisville.

Instead of going to Louisville she left the train at a nearby city and with her sweetheart went to Clarksville and was married.

The two will reside in Clarksville where the groom has a good position.

RED LIGHTS

DISPLAYED ON MANY OF PADUCAH'S STREETS.

Improvements in Broadway's Sidewalks and Buildings Cause Obstructions to Travel.

Paducah is being improved in streets and in buildings and it is noticeable particularly in the night by the hundreds of red lights warning to pedestrians and vehicles.

All the principal thoroughfares are being torn up in the business portion of the town from Broadway one square north and south, and red shaded lanterns are used as signal lights. There are probably more of these lights out in Paducah at this particular time than ever before. This is due especially to the action of the police, who report all street obstructions.

This morning in police court several cases were brought for violation of the ordinance pertaining to this matter, and all contractors are exercising caution in the proper protection of contracts they are fulfilling.

The warrant against The Sun was dismissed, as the contractor was held to be at fault.

An ordinance to prevent persons from keeping open places for sale of liquors within certain hours, or from selling or furnishing such liquors within such hours.

Be it ordained by the General Council of the City of Paducah:

First. It shall be unlawful for any person engaged in the business of selling spirituous, vinous or malt liquors in the City of Paducah, or the agent or employee of such person, to keep open or carry on such business, or to sell or furnish to or for any person any such liquors, between the hour of 12 o'clock midnight and the hour of 5 o'clock a. m., of any day.

Second. Any person violating this ordinance shall be fined not less than ten nor more than twenty-five dollars for each offense.

Third. This ordinance shall take effect from its passage, approval and publication.

RAILROAD NOTES

Big Freight Business.

The Illinois Central Railroad company is enjoying probably the biggest summer business on the Louisville, Nashville and Tennessee divisions of the system in the history of the road, and the magnitude of the business can readily be seen in Paducah. There are more switch engines working now than ever before in the history of the city. More trains are being run out of Paducah at this season than ever before and full crews are working overtime. Reports show that a total of 22 freight trains went out of Paducah yesterday. Fifteen went south and eleven went north. This is not counting passenger trains, which would swell the total number of trains leaving Paducah to something like double that number. The Illinois Central is enjoying a big business and this summer probably will mark a record in summer business for the road. Part of the increase is due to the opening of the territory acquired by the creation of the Nashville division of the road, which took in the Tennessee Central road.

Surprised Him.

James B. McDaniel, of Florence Station, ten miles below Paducah on the Illinois Central, this morning made his first inspection of railroad shops. He has been residing near Florence for more than 50 years and has never before today been in or seen the shops except from a distance, and then never more than the smoke stack. "Yes sir, this is my first close view of the shops," he declared, "as he was piloted through the wood working shops by Officer Dick Tolbert, of the Illinois Central, and I think they are wonderful. In fact, I cannot find words to express my surprise at the sight. I have lived in this section of the country for more than fifty years. I hunted squirrels and birds in the woods where these shops are now located, and I was here before the shops were even thought of. My curiosity overcame me when I struck town today, and it being rainy I decided to see what was in them."

Caught Tree Frogs.

A joke is going the rounds in the Illinois Central shops and is causing George Bondurant, foreman of the wood working shops, and Will Theobald, a car repairer no end of embarrassment. They went to Barlow lake in Ballard county last night to hunt frogs. They returned this morning and had three tree frogs and one flying squirrel. It is stated that Mr. Bondurant thought the tree frogs were bull frogs, which had come out on the bank, and hooked them in with his patent frog hooks. He brought them home with him but disclaims that he made any mistake as to the species of the frogs.

M. J. King, a well known pipe fitter employed by the Illinois Central, has resigned and will go to Louisville to work.

Joe Walker, foreman of the Illinois Central round house, is out again after a several days illness.

William Pike and James Keegan, of the Illinois Central shops this morning returned from Morganfield, Ky., where they set up the city light plant. An I. C. box car got loose and ran into the plant damaging it to a great extent. The machinery was sent here and repaired and the two gentlemen sent to Morganfield to

Mr. G. G. Hayes time inspector for the Illinois Central system, of Chicago, is in Paducah checking up the timekeeper in the trainmaster's office. This is Mr. Hayes' first trip to Paducah in many months. He formerly acted here for Timekeeper John Dugger when the latter took a vacation.

Mr. W. A. Carter, coach inspector for the Illinois Central, has been called to Louisville by the serious illness of his daughter. His position is being filled by Gus Swanson, of the Illinois Central wood working shops.

Breathitt County Politics.

Jackson, Ky., June 23.—It is indeed difficult now to foretell the coming political events as regards Breathitt and adjoining counties in the coming and immediate elections. Judge Hargis and ex-Sheriff Callahan are the recognized leaders of the Democratic organization, or machine, in this county, Callahan being chairman of the executive committee, but they will find strong opposition in the dissatisfied, or "Hogback," element of the Democratic party in the county, which is a strong contingent. This element, together with the Republican vote of the county, can defeat any candidate or measure supported or advocated by Hargis and Callahan. It is believed by some that Judge Hargis and Callahan will not take an active part in the approaching elections owing to the fact that they are engrossed with the criminal prosecutions here and at Beattyville and Lexington. If they do not take active part it will be the first time they have failed in a score of years. There is, however, one thing that may bring them into politics at the coming November election, and that

is to oppose A. F. Byrd in his candidacy for Congress.

An Art Reception.

On Tuesday afternoon, June 26th, from 4 to 6, the Young Ladies' society of the Presbyterian church will give an Art Exhibition at Miss Zula Cobbs, 329 Broadway. The pictures are all water colors and are exquisite in detail. The soft golden glow of the setting sun, so seldom acquired by devotees of the brush, has been beautifully worked up in these dainty landscapes. It is desired that every art loving man and woman will call and enjoy them. No admission fee will be charged.

STEEL TOWERS

Built to Span Tennessee River by Telephone Company.

The Cumberland Telephone company will soon have a direct line to Hopkinsville and Nashville and will build two 35-foot steel towers, the only two of this kind with one exception in this end of the state, to make the circuit complete. These towers will go across the Tennessee river at Agnes Ferry. The only two other towers span the river on the Smithland, Livingston county line. Material is being shipped to the site today and the line will be finished in a short time.
